The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b). 1. Continuation of 5. does NOT place the application in condition for allowance because: Applicant argues that Hashimoto does not teach the registering with the controller that the image on the medium is larger than a predermind size. The Examiner respectfully disagrees. It would have been obvious to one of ordinary skill in the art at the time the invention was made to consider that the determination that the image was smaller or larger than a predetermined size would have to be register with the controller ("CPU", 131, Fig. 4, & 130, Fig. 5) in order to carry out the enlargement or reduction operations.
